- **Chamomile**

Parsley
+ **Chive**
- **Mint**

Rosemary
+ **Sage**

Sage
+ **Rosemary**

Savory
+ **All**

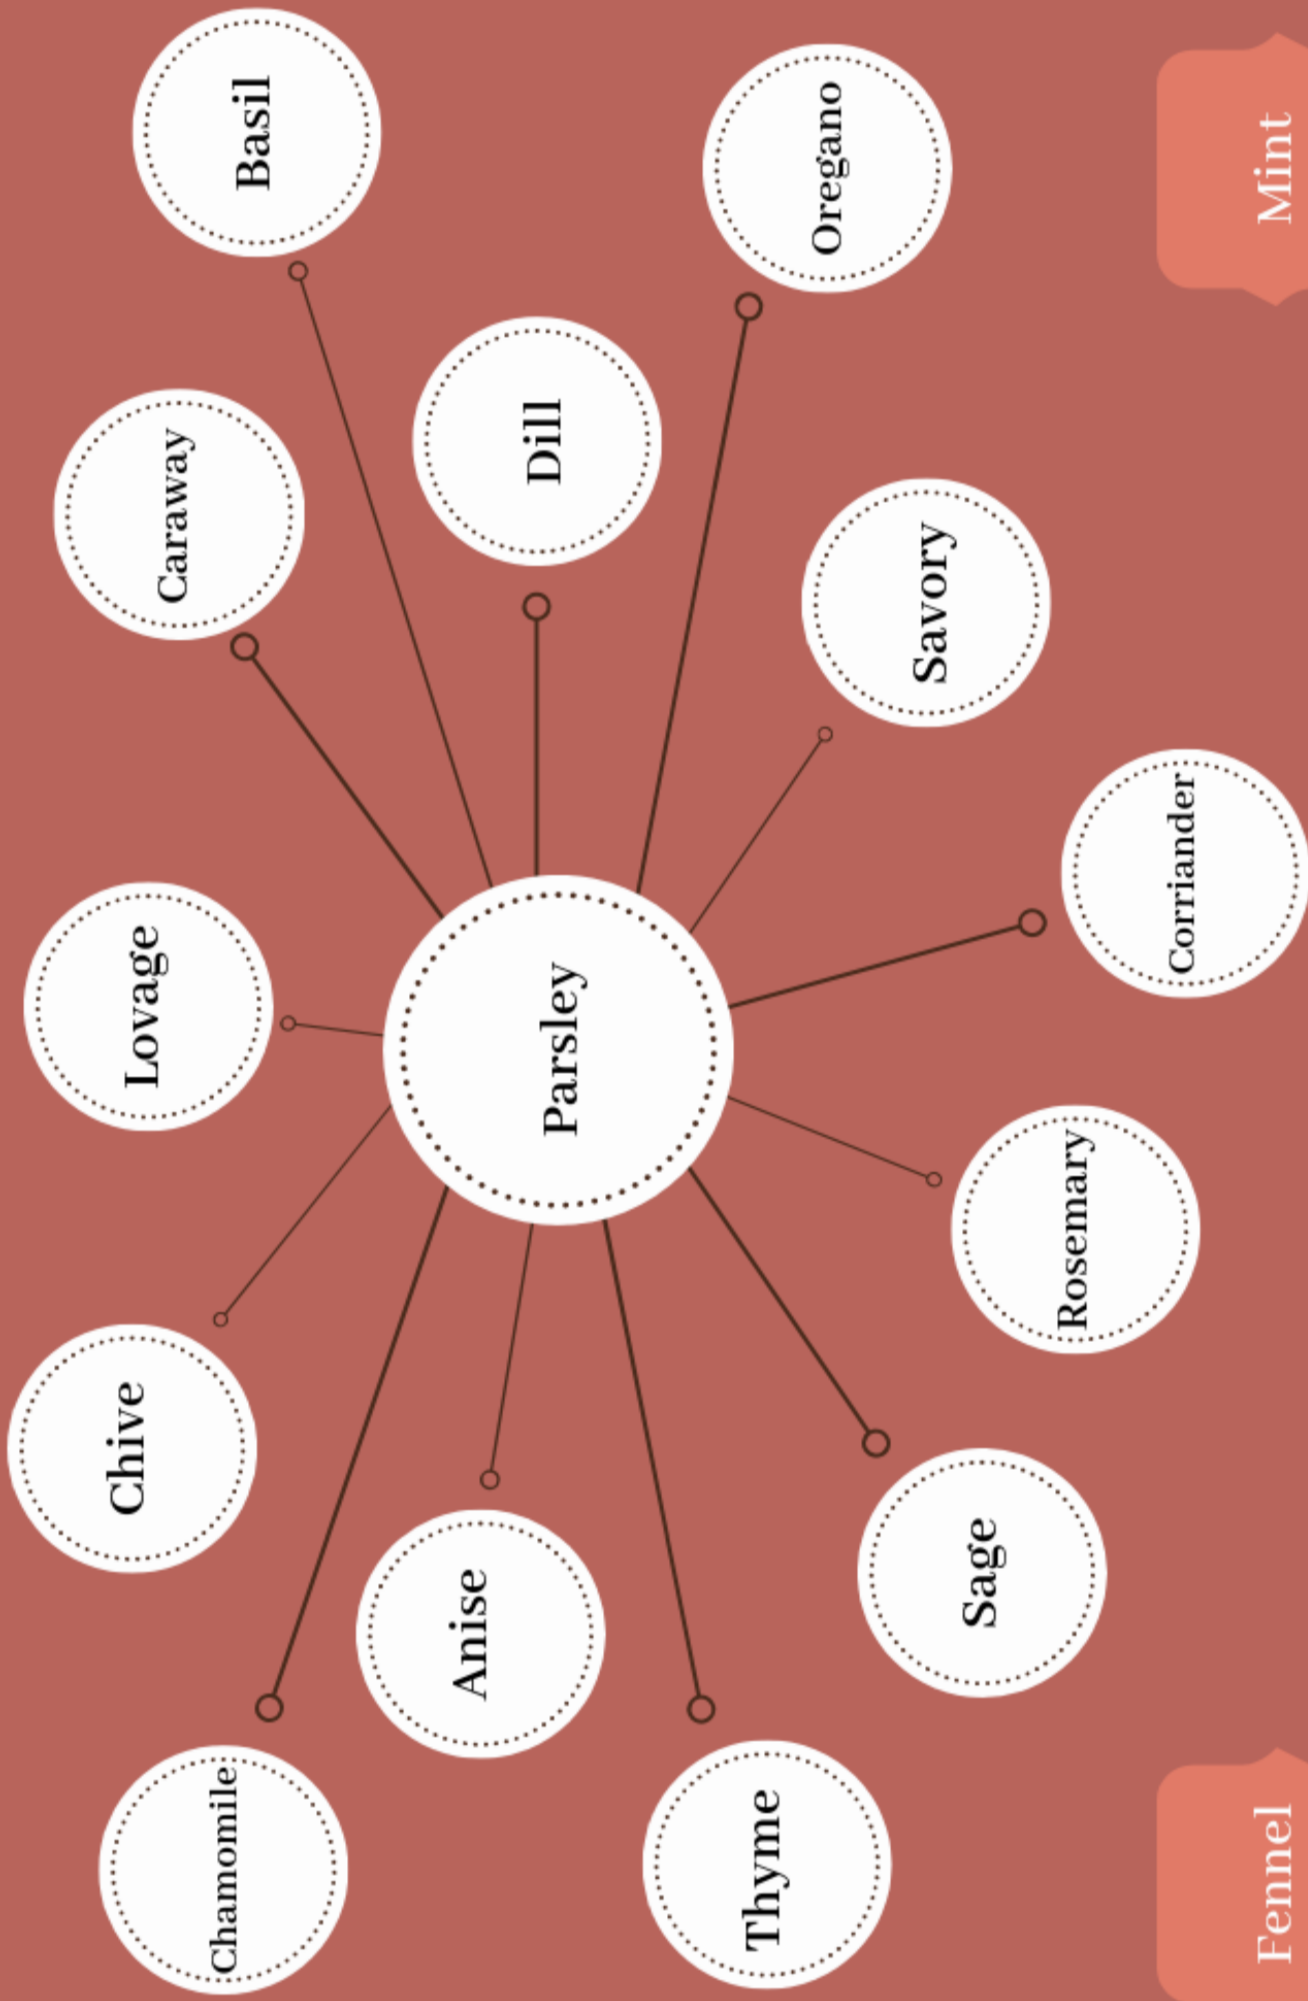

Thyme
+ **All**

NOTES

Caraway is difficult to start from seed. Transplanting is the best option for a successful crop.

Fennel is not a good companion for any herbs or vegetables. Plant in a container by itself.

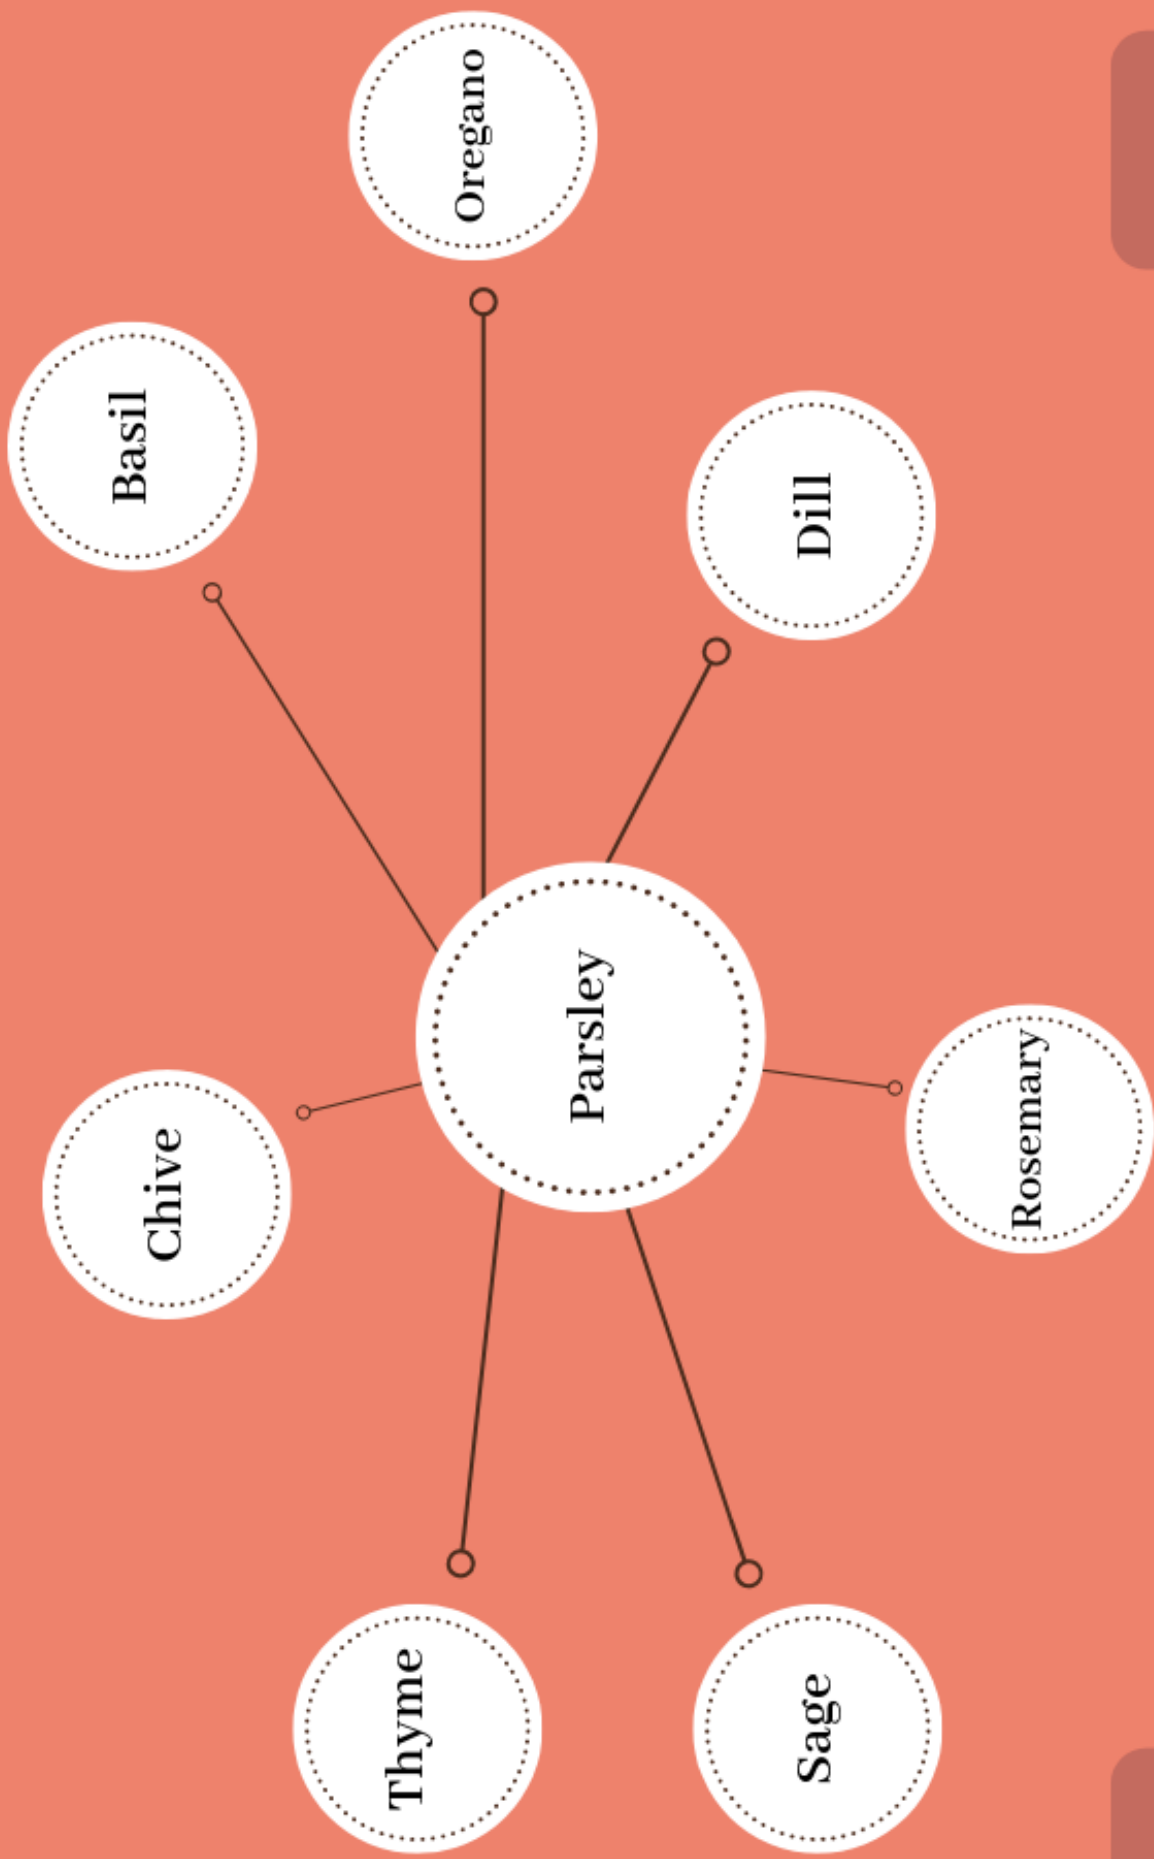

Mint is fast growing and spreads easily. It's best grown in a pot by itself.
